

Call for Abstracts

Hereby we invite all interested authors who wish to present their research results or experiences from the industry associated with theme of this year's conference, to submit their paper for the conference.

All accepted papers will be published in conference proceedings which will be indexed in CAB database. **Selected number of papers will be recommended for publication in Drvna industrija Journal that is indexed in SCI-Expanded.**

Conference topics should be related, but not limited to the following

1. *Properties of wood and wood based materials*
2. *Wood modifications*
3. *Wood processing technology*
4. *Wood products, furniture and interior design*
5. *Management in wood industry*
6. *Renewable energy from wooden biomass*

About Zagreb

The city of Zagreb, capital of Croatia, on the historic and political threshold between East and West, illustrates both the continental and Mediterranean spirit of the nation it spearheads. Zagreb is the cultural, scientific, economic, political and administrative centre of the Republic of Croatia. Zagreb, with a population of nearly one million, contains almost a quarter of the entire population of Croatia.

Early in December, the famous Advent fair in Zagreb begins. During the time of Advent, Zagreb offers a special atmosphere which simply must be experienced. The city streets and squares invite you to let your hair down and partake in singing, dancing, and other kinds of entertainment with family and friends.
