

CALL FOR POSTERS InnovaWood General Assembly 2016

In connection with the InnovaWood General Assembly a poster session is organised. You are invited to bring your posters with you.

When: 16 - 17 March 2016
Where: CIRAD, Montpellier (France)

During the General Assembly our local host provides an area with boards to fix posters. The poster session is envisaged as an exhibition for the GA participants and the students and researchers of CIRAD. This InnovaWood poster exhibition provides you an opportunity to promote your success stories to the European research community.

We kindly invite you to present technological solutions and innovations, which you are proud of, and which show that our sector is an important player in the promising green economy. The idea is to show the diversity of our InnovaWood network within the forestry-based sector.

Application instructions:

- Please keep in mind that the posters should include a presentation of technologies and/or innovations, which you want to share with the GA participants.
- Posters need to be presented by InnovaWood member institutes.
- No template is provided, you are free to choose your own design.
- Maximum size of the poster: A0 format.
- You should bring the posters yourself to the General Assembly.

Additionally, you are welcome to present spatial structures that may accompany your poster. Technical details of such structures have to be discussed individually with the InnovaWood Secretariat.

To apply please send a short poster abstract to the InnovaWood Secretariat at office@innovawood.com
