

## Registration

Please find further information about the conference and a direct link to the registration form on [www.eforwood.org](http://www.eforwood.org).

In order to avail of accommodation arranged by the organiser you need to register by 21 August 2009 at the very latest. An 'early bird discount' will be available until 31 July. Registration will close on 7 September.

Please note that registrations are dealt with in the order they arrive. The sooner you register the greater the chances of getting your preferred accommodation.

## Conference fee

Early-bird (registration until 31 July) 150 EUR

Regular 200 EUR

Authors of papers 150 EUR

Students 95 EUR

## Venue

The conference will take place at Uppsala Concert & Congress Hall (Uppsala Konsert & Kongress) which is located in central Uppsala, Sweden.

Closest airport: Stockholm Arlanda Airport (35 km)

Distance to Stockholm: 40 minutes by train (70 km).

## About Uppsala

Uppsala is Sweden's fourth largest city with a population of 190 000 inhabitants. Unique cultural treasures and an exciting history are to be found in the city of knowledge and inspiration. Uppsala has retained its small-town charm while offering a big city's selection of shops, restaurants and other entertainment.

## Contact

Detailed information about the conference and how to get there can be found on [www.eforwood.org](http://www.eforwood.org).

Please don't hesitate to contact [office@innovawood.com](mailto:office@innovawood.com) for any matter.

# SHAPE YOUR SUSTAINABILITY TOOLS

– and let your tools shape you

23-24 SEPTEMBER 2009, UPPSALA, SWEDEN

# SHAPE YOUR SUSTAINABILITY TOOLS

- and let your tools shape you

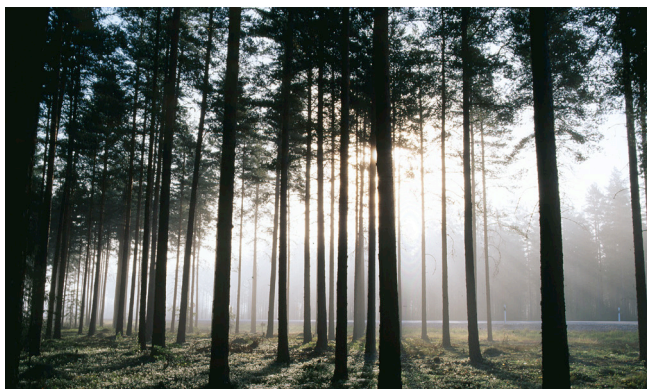

23-24 SEPTEMBER 2009, UPPSALA, SWEDEN

**Join researchers, policy makers and practitioners from all over the world in discussion of Sustainability Impact Assessment of the Forest-based Sector.**

Around the globe, tools for analysing sustainability are being developed to help us make better choices. One of them is the ToSIA tool, the EFORWOOD project's main outcome.

The ToSIA tool is a dynamic sustainability impact assessment model that analyses environmental, economic and social impacts of changes in forestry-wood production chains, using a consistent and harmonised framework from the forest to the end-of-life of final products.

'Shape your Sustainability Tools' will be your opportunity to combine experiences and expertise with scientists within and outside the EFORWOOD project, who are developing tools to support decision making on policies related to various areas of science, such as environmental economics, socio-economics, land use and landscape research.

## Programme

**Wednesday**  
September 23<sup>rd</sup>, 2009

**08:30 – 09:15**  
Registration & coffee

**09:15 – 10:20 Plenary:**  
Welcome (Jan Fryk, Managing Director, Skogforsk)  
Introduction (Kaj Rosén, Skogforsk)  
The Policy Framework of SIA – The Contribution of Research (Maria Gafo Gomez-Zamalloa, DG Enterprise and Industry, European Commission)  
The Forest-based Sector in the 21st Century (Andreas Kleinschmit von Lengefelt, FTP)

**10:20 – 10:40 Break**

**10:40 – 11:40 Theme 1:**  
Sustainability Impact Assessment  
in a Knowledge-based Bio-economy  
(3 presentations)

**10:40 – 11:40 Theme 2:**  
Methods for Evaluation of  
Sustainability Impact from Process to  
Sector Level (2 presentations)

**11:50 – 12:30 Theme 1:**  
Sustainability Impact Assessment  
in a Knowledge-based Bio-economy  
(2 presentations)

**11:50 – 12:30 Theme 2:**  
Methods for Evaluation of  
Sustainability Impact from Process to  
Sector Level (2 presentations)

**12:30 – 14:00 Lunch**

**14:00 – 15:10 Plenary:**  
EFORWOOD – An Approach to Sustainability Impact Analysis  
for the Entire Forest-based Sector (Risto Päivinen)  
A Tool for Sustainability Impact Assessment (ToSIA) of  
Forest-Wood Chains Linked with a Database of Sustainability  
Indicators Collected within the EFORWOOD Project (Marcus Lindner)

**15:20 – 15:50 Plenary:**  
ToSIA – A Tool for Sustainability Impact Assessment  
of Forest-Wood Chains (Tommi Suominen)

**15:50 – 16:20 Coffee break**

**16:20 – 17:00 Theme 1:**  
Sustainability Impact Assessment  
in a Knowledge-based Bio-economy  
(2 presentations)

**16:20 – 17:00 Theme 3:**  
Case Study Applications in  
Sustainability Impact Assessment  
(2 presentations)

**17:00 – 18.00 Poster session**

**19:00 – Conference dinner at Uppsala Concert & Congress Hall**

**Thursday**  
September 24<sup>th</sup>, 2009

**09:00 – 10:00 Plenary:**  
Concepts of and Challenges to Sustainability Assessment  
(Roger Sedjo, Resources for the Future)  
Criteria and Indicators to Assess the Sustainability of the Forestry-Wood Chain  
(Christopher Prins, UNECE/FAO Timber Committee)

**10:00 – 10:30 Coffee break**

**10:30 – 11:30 Theme 3:**  
Case Study Applications in  
Sustainability Impact Assessment  
(3 presentations)

**10:30 – 11:30 Theme 4:**  
Scenario Analysis of the Forest-  
based Sector and Parts thereof  
(3 presentations)

**11:40 – 12:20 Theme 3:**  
Case Study Applications in  
Sustainability Impact Assessment  
(2 presentations)

**11:40 – 12:20 Theme 4:**  
Scenario Analysis of the Forest-  
based Sector and Parts thereof  
(2 presentations)

**12:30 – 13:00 Plenary:**  
The Future of EFORWOOD (Kaj Rosén)  
Closing remarks (Astrid Kaemena, DG Research European Commission)

**13:00 – 14:00 Lunch**  
**End of conference**
