

Save the Date
Next FTP Joint Partnering Event
27 October 2015

Dear Sir/Madam,

We are delighted to let you know that the date for the next FTP Partnering Event has been set: it will take place on **Tuesday 27 October 2015**, at the Munich Airport Centre. As usual the event will be hosted by FTP Germany, but please note that this year's event will have a new format.

The main focus will be on the creation of consortia under industrial leadership, so that resulting projects and proposals will have a stronger industry component and also fulfil Horizon 2020 requirements.

To that end, a list of most relevant research topics will be presented ahead of the event, so participants interested in one or more topics can partner with other participants and start the consortia creation.

Calls Topics related to forestry will of course be addressed as well in the partnering event.

Relevant trans-national funding opportunities currently available will also be presented at the Partnering Event.

Additionally, participants will have the opportunity to obtain information on the funding opportunities under in Horizon 2020 for 2016 and 2017.

We would be grateful if you could circulate this information to your networks to ensure the date is in the diary. Registration will be open in August.

Kind regards,
The FTP Team
